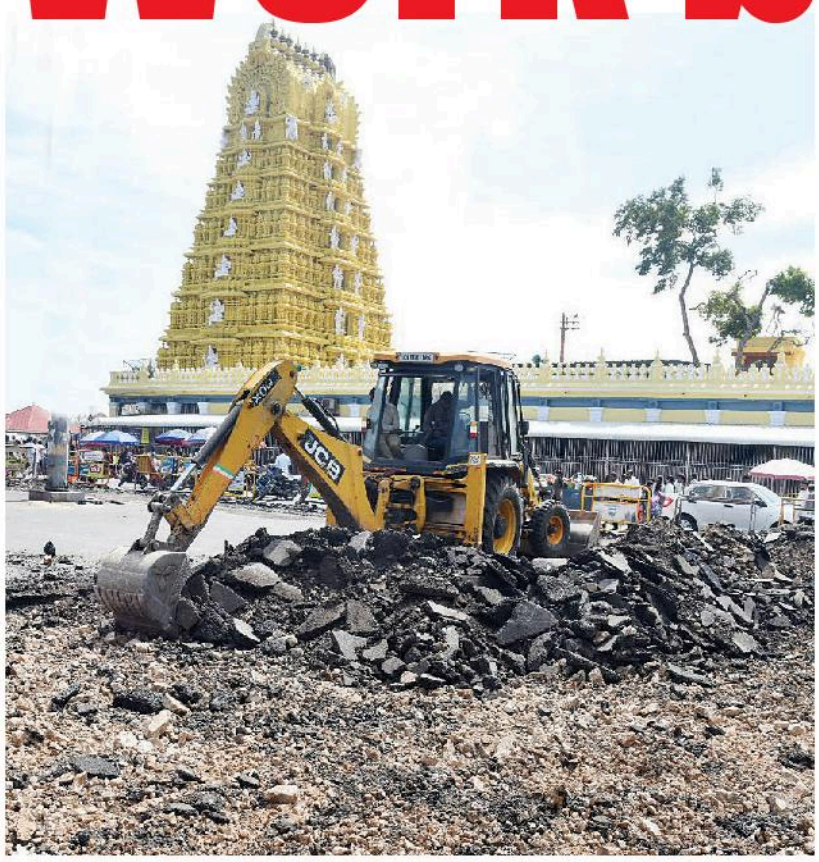
PRASHAD Scheme atop Chamundi Hill

Work begins



Mysuru, Jan. 9 (BLU,RK&BCT)- Physical works, including digging and excavation, have begun atop Chamundi Hill under the Union Government's Pilgrimage Rejuvenation and Spiritual Heritage Augmentation Drive (PRASHAD).

Earthmovers are digging the ground near Sri Chamundeshwari Temple atop the Hill to erect a permanent Multipurpose Activity Stage.

The location is where a temporary stage was earlier erected during festivals and Dasara to accommodate VIPs and the public. Officials confirmed to *Star of Mysore* this morning that the physical work commenced on Jan. 8 (yesterday).

The permanent Multipurpose Activity Stage will be built using stone in line with heritage norms, preserving the architectural aesthetics of Mysuru city. A '*Saalumantapa*' (queue mantapa) is also planned near the Temple entry, modelled on the queue system at Tirupati's Sri Venkateshwara Temple.

In addition to the multipurpose stage, construction has begun on an information centre, permanent slipper stand and cloakroom.

Ticket counters will be installed near the Mahishasura Statue, which will also host a plaza-type structure. The multi-level parking facility atop the Hill is set to be renovated to meet current and future needs. Steps near the Nandi monolith will also undergo renovation.

Pramoda Devi's dissent

Pramoda Devi

Mysuru, Jan. 9 (BLU&BCT)- Speaking to *Star of Mysore* about the works being undertaken under PRASHAD scheme this morning, Pramoda Devi Wadiyar from the erstwhile of Mysore Royal family and the permanent member of the Sri Chamundeshwari Temple Development Authority expressed her displeasure.

"I have not been consulted as per procedure. I have written a letter to the Authority seeking clarity. As per the rules, the Authority must obtain permission before undertaking any development work. I have no idea whether it has done so," she said.

"The case regarding the Constitution of the Sri Chamundeshwari Temple Development Authority is pending in the Karnataka High Court and the Court has directed the Authority not to undertake any construction atop the Hill. Yet, development works have already begun," she added.

She further added, "These works, without proper consideration for heritage, will damage the Hill and Temple structures."

When *SOM* contacted Sri Chamundeshwari Temple Development Authority Secretary M.J. Roopa regarding the letter and permissions she said she was unaware of it. "I am outside the office and will respond in the evening," she stated.

EDITOR'S BOTTOMLINE

VISHNU SAHASRANAMA POWER: ***When we encounter difficulties, sorrow or an unsteady mind, it is essential to seek the advice of elders and pious men. The wisdom of noble men serves as a guiding authority. What they say is a solemn declaration and they will never misguide us, always showing only the good path.***

To illustrate the value of wise counsel in troubled times, Sri Anantha Padmanabha Swamy described in a discourse that when Yudhishthira was in deep sorrow and trembling with fear after the Mahabharata war, Lord Krishna took him to the grand sire Bhishma to seek his advice. Bhishma's devotion towards Lord Krishna was as deep as the river Ganga and his heart was pure. He recited Sri Vishnu Sahasranama and cleared Yudhishthira's doubts through "Hitopadesa."

The significance of divine names becomes clear through such examples. *"Devo Nama Sahasraanaam":* ***"The names of God are infinite." An apostle says,*** *"Perayi ram Udaya Emperuman,"* ***who has about a thousand names. Andal declares,*** *"Namam Aayiram etha nindra Narayana,"* ***who has more than a thousand divine names. All the seers like Sri Sankaracharya, Sri Madhwacharya and Sri Parasara Bhattar wrote commentaries for the Vishnu Sahasranama, affirming its greatness.***

Poet Bhatta Bhanar, in his work "Kathambari," highlights the greatness of Vishnu Sahasranama. He recounts how a king summoned various pandits to chant Sahasranama during his wife's childbirth, so that both the child and mother would be safe and the child would hear the divine names at birth. The essence of the entire Mahabharata is encapsulated in Vishnu Sahasranama.— *In The Hindu*

Black deer caught on camera

Kolkata: A rare black deer has been photographed in the Dowhill forest area of Kurseong Range in West Bengal. The sighting was made by the Divisional Forest Officer (DFO) during a routine patrol on Wednesday.

The animal was captured on camera in the dense forest terrain, officials said. Forest authorities described the sighting as unusual for the region. The DFO told reporters that the dark coat is likely the result of a genetic mutation, rather than a separate species.

Sightings of black-coloured deer in India are extremely uncommon and usually represent genetic variations rather than a distinct species. Researchers note that melanistic animals are rare in wild deer populations because the genetic trait must be inherited from both parents.

Class 1 admission age limit

Sir,

The standard age for admission to Class 1 is six years, with children required to be six years of age by May 31 of the academic year.

As per CBSE norms and NEP 2020, children must be aged six on or before May 31 at the time of admission.

The Karnataka Government has relaxed the minimum age limit from six years to five years and five months in all State curriculum schools for the academic year 2025-26.

I request the State Government and the Education Department to further relax the age limit by 15 days to one month for children born on June 1 or June 2. Otherwise, they will lose an entire academic year for the sake of just one or two days.

We request the Chief Minister and the Minister concerned to consider relaxing the age limit by 15 days for the benefit of such children.

It is hoped that parents of these children will receive a positive response from the Government in the interest of their children's future.

Karnataka's ad funds favour 'National Herald'

Rs. 2.9 crore paid despite negligible readership, popularity, circulation

Bengaluru, Jan. 9 (Agencies)- The 'National Herald' newspaper received more advertisement funding from the Congress-led Karnataka Government than any other national daily, raising questions over the use of public funds.

According to records, the State Government paid crores of rupees to 'National Herald' from its advertisement budget, despite claims of negligible readership, popularity and no circulation in Karnataka. It emerged as single largest beneficiary of Government's national newspaper advertisement spending for two consecutive years.

Figures indicate that Rs. 1.90 crore was allotted to 'National Herald' in 2023-24, followed by nearly Rs. 1 crore in 2024-25.

In contrast, several well-established national newspapers were said to have received significantly lower allocations, with some receiving less than half of what was granted to 'National Herald.'

In 2024-25 alone, the Karnataka government reportedly spent Rs. 1.42 crore on advertisements in national-level newspapers. Of this amount, nearly 69 percent went to 'National Herald' while several leading national dailies reportedly received no allocation during the same period.

High-profile dispute

'National Herald' has been at the centre of a high-profile

dispute involving senior Congress leaders Rahul Gandhi and Sonia Gandhi, who have been named as accused in an ongoing Enforcement Directorate money laundering case linked to the newspaper's parent company, Associated Journals Limited (AJL).

The Delhi Police's Economic Offences Wing has also issued notices to Karnataka Dy.CM D.K. Shivakumar and his brother, D.K. Suresh, seeking detailed financial records related to donations made to 'National Herald' and 'Young Indian.'

The probe pertains to alleged irregularities in funding and asset transfers — an investigation the Congress has described as politically motivated and an attempt to harass party leaders.

Karnataka Govt. 'bribed' Gandhi family: Pralhad Joshi

Pralhad Joshi

Bengaluru, Jan. 9 (Agencies)- Union Minister Pralhad Joshi on Thursday said that the Congress Government in Karnataka had "bribed" the Nehru-Gandhi family by funnelling public money to the 'National Herald' newspaper through Government advertisements.

"It has given more advertisement revenue to the 'National Herald' newspaper than to any established newspaper or periodical in the country. That itself is a scam. It reflects the intellectual bankruptcy of the Government and CM Siddaramaiah," Joshi told reporters.

He further claimed that Sonia Gandhi and Rahul Gandhi, whom he referred to as the "so-called owners" of the newspaper, were out on bail in connection with the case linked to 'National Herald.'

Joshi alleged that public money had been paid to individuals who are out on bail. "That means people facing scams and out on bail are being paid so much. In a way, it amounts to a bribe to the 'Nakli Gandhi family'," he alleged.

All B-Khata properties to get A-Khata status

Bengaluru, Jan. 9 (KMS&BCT)- In a major relief to owners of properties in illegal or unauthorised layouts across all the Municipal Corporations and Urban Local Body (ULB) limits, including Mysuru, the State Cabinet has decided to approve the issuance of A-Khata certificates to B-Khata properties.

This move is expected to benefit around 10 lakh properties. Law and Parliamentary Affairs Minister H.K. Patil said after the Cabinet meeting yesterday that the scheme will be extended to B-Khata properties, which include sites, buildings, apartments and flats that have not received approval from the respective planning authorities.

The A-Khata will be issued subject to these properties taking approval from the planning authorities, he added.

The relief is on the lines of an earlier announcement for properties in the Greater Bengaluru Authority region, where the Government is levying 5 percent of the guidance value to regularise sites. The scheme does not include the regularisation of buildings that have deviated from building bylaws.

"Regarding the grant of A-Khata to sites and buildings, including apartments and flats holding B-Khata in layouts formed without approval from the competent authority within the jurisdiction of the State's ULBs, the Cabinet has accorded its approval," he said.

What is B-Khata and A-Khata?

B-Khata is a property record maintained by Municipal Corporations for properties that do not fully comply with planning and legal norms. These include buildings in unauthorised layouts, constructions without approved plans or properties lacking occupancy certificates. While such properties are not fully legal, owners are still required to pay property tax and their details are recorded for taxation purposes.

B-Khata properties face several limitations. They are not considered legally valid for many purposes and face restrictions on sale, obtaining building approvals and securing trade licences. Banks and financial institutions generally do not offer loans against B-Khata properties.

In contrast, A-Khata properties are fully compliant with government regulations, including approved layouts, sanctioned building plans and mandatory certificates. They are legally valid and eligible for bank loans, trade licences and unrestricted property transactions.

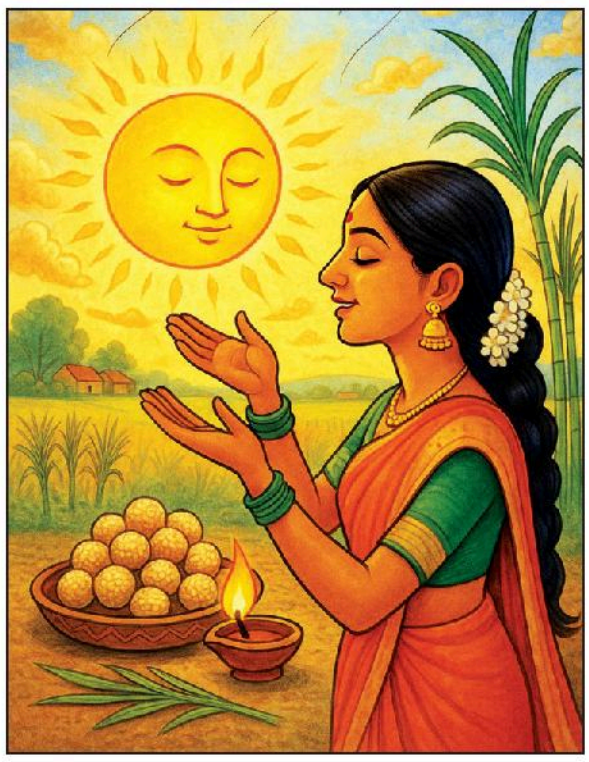
Makar Sankranti

Welcoming the Sun



Sadhguru: *Makar Sankranti* is round the corner. *"Makara"* refers to the winter time or the time when the sun is at the lowest in the northern hemisphere. *"Sankranti"* suggests movement. We have moved from one phase on this planet to the next phase.

In the yogic terminology, the time between the summer solstice and winter solstice, from June 21 to December 21, is referred to as *sadhana pada.* This is the time to work upon yourself and everything around you. From the winter solstice to summer solstice, from December 21 to June 21, is called *kaivalya pada,* which means the time to harvest. It is the time to reap the fruits of your work. We are entering that phase.

This means our relationship with the sun, which is the very source of our life on this planet, is changing. Many people are probably fearing the summer, the heat, the lack of water, maybe the power cuts and many other inconveniences. This means we are beginning to rue the very source of our life, because whether it is a tree, an insect, a worm, a man or a woman, every creature on this planet is solar-powered.

In Indian culture, this phase of the year when we have maximum solar energy, is welcomed with the celebration of *Makar Sankranti.* But today, we have begun to fear this, not because the sun has turned against us — the sun is the basis of our existence — but because when the sun is in full glory, we don't have a tree to sit under!

We have ripped the planet and this country apart in the last two or three generations. Essentially, it is ignorance that we have done this and it is time we correct it. When the sun comes up, should your children not have a tree to sit under or climb upon? Should there not be enough vegetation and water on the land?

Makar Sankranti means the wisdom of knowing where the source of our life is. We are all solar-powered, so we are welcoming the sun. But if we really want to enjoy this spring and summer, we must create an atmosphere where we can enjoy and reap the benefits of sunlight rather than suffering it.

This *Makar Sankranti,* each one of us should take this up in our lives in whatever capacity we can — the future generations in this country should be able to joyfully welcome the summer. This will only be possible if we create a conducive atmosphere in nature where the land is rich with vegetation and water resource and the soil is rich to hold the water. Only then can we genuinely celebrate *Makar Sankranti.* Let us make this happen.

Chamundi Hill: Work begins

(Continued from page 1)

Rs. 35 crore released

The project is being implemented by Karnataka Tourism Infrastructure Limited (KTIL) under the Tourism Department, at a total cost of Rs. 46 crore — Rs. 30 crore from the Centre and Rs. 16 crore from the State Government.

The contract has been awarded to Bengaluru-based SAS Karkala Enterprises, responsible for beautifying key viewpoints and constructing supporting facilities. The entire project is scheduled for completion within nine months. Rs. 35 crore has been released.

Purushotham, Executive Engineer, Karnataka Tourism Department, said the work is being carried out under the joint supervision of the Tourism Department and Sri Chamundeshwari Temple Development Authority, with Assistant Executive Engineer Pandit Athani monitoring progress on the ground.

"Work has begun, and all precautions are being taken to ensure that devotees are not inconvenienced. Directions have been issued by Sri Chamundeshwari Temple Development Authority Secretary M.J. Roopa to maintain safety and prioritise devotee convenience. Most work will be carried out at night when the temple is closed, though some activities will also take place during the day," he added.

PM Surya Ghar Scheme is at snail's pace in Karnataka: MP

Mysuru, Jan. 9 (MK&VNS)- The Pradhan Mantri Surya Ghar Yojana, launched in 2024, is being implemented at a "snail's pace" in Karnataka, said Mysuru-Kodagu MP Yaduveer Krishnadatta Chamaraja Wadiyar.

He was speaking after inaugurating 'Solar Rooftop Developer's Meet - Mysuru,' organised this morning at Hotel Siddharta by Indian Solar Association to discuss the PM Surya Ghar Scheme.

"Of the total 2,22,800 applications filed under PM Surya Ghar Yojana, only 10,000 houses have installed solar panels on their rooftops," he said.

Taking a dig at Chief Minister Siddaramaiah, Yaduveer said, "While serving as the longest-serving CM deserves appreciation, implementing popular programmes also needs to be prioritised. Officials should shun politics and work towards the welfare of the people. There is a need to follow up with the officials for the successful implementation of the programme."

Benefits

Highlighting the scheme's economic and environmental benefits, he added, "The PM Surya Ghar Yojana strengthens the country's economy. Encouraging the use of renewable energy is the way forward to achieve self-reliance in the energy sector."

Yaduveer further noted that, with the present State Government in opposition at the Centre, Karnataka must actively promote the PM Surya Ghar Scheme, which aligns with global trends in solar energy use.

Indian Solar Association President and former MP C. Narasimhan, Indian Overseas Bank Nodal Officer Prakash, Canara Bank Nodal Officer Lakshman Prathap and others were present.

Prathap Simha should explain 2024 LS ticket denial: BJP leader

Mysuru, Jan. 9 (MTY&DM)- City BJP leader M.K. Premkumar has challenged former Mysuru-Kodagu MP Prathap Simha to explain why he was denied the BJP ticket in the 2024 Lok Sabha (LS) elections and to disclose who had allegedly promised him a party ticket for the 2028 Assembly polls.

Addressing a press meet yesterday, Premkumar said the BJP High Command had effectively kept Prathap Simha out of national politics by denying him a ticket in the 2024 Lok Sabha elections.

"Simha is claiming everywhere that he was denied the LS ticket because the BJP leadership wants him in State politics. However, neither the Party High Command nor senior leaders have made any such statement. Simha is openly declaring himself as the party's candidate from the Chamaraja Assembly Constituency. He should clarify whether he has the support of the High Command," Premkumar said.

Remembering party workers

He alleged that Simha had often insulted party workers when they approached him for help during his tenure as MP. "Now that he is out of favour with the High Command and has been pushed out of national politics, he suddenly seems to remember party workers," he said.

Questioning Simha's choice of Constituency, Premkumar said that although the former MP claims to be receiving invitations from several districts to contest the Assembly polls, he appears keen only on the Chamaraja segment.

"Simha may be apprehensive of losing his deposit if he contests from any other Constituency," he alleged.

Premkumar further claimed that Simha did not campaign for BJP candidate Yaduveer Wadiyar during the 2024 Lok Sabha elections.

He also sought clarity on the status of the case involving youths who entered Parliament using Simha's MP pass and triggered a smoke bomb incident during a Parliament session.

Premkumar also questioned why Simha had obtained a court stay on the release of the book 'Kathale Jagathu' (A dark world). "Instead of seeking a stay, he could have responded to the book publicly," Premkumar said.

BJP leader Kumbarakoppal Kumaragowda was present at the press meet.

Stepmother arrested for abuse of adopted minor

Gundlupet, Jan. 9 (SOMG&BCT)- A case of alleged cruelty by a stepmother against an adopted minor girl was reported from K.S. Nagaratnamma Layout in Gundlupet town on Thursday.

Police have registered a case against Soumya, the wife of Puttarajachari, a tailor from Mysuru and a resident of Nenekatte village, on charges of subjecting the child to physical and mental abuse. She has been arrested in connection with the incident.

The injured girl received medical treatment and was later transferred to Bala Mandira Santhwana Kendra in Chamarajanagar for care and protection.

According to the Police, Puttarajachari married Soumya after his first wife left him. As the couple had no children, he adopted a girl around 12 years ago. While the family was residing in Gundlupet, Puttarajachari continued his tailoring work in Mysuru.

Investigators said the child, now a Class VI student, was allegedly subjected to repeated verbal abuse, physical assault and harassment by Soumya over a period of time.

On Thursday morning, the situation escalated when Soumya attacked the girl, causing burn injuries. Neighbours, alerted by the child's cries, rushed to her aid and admitted her to the Government Hospital in Gundlupet.

Gundlupet Police reached the spot, recorded statements from residents and took Soumya into custody. A case has been registered under the relevant sections of the Protection of Children from Sexual Offences (POCSO) Act and Bharatiya Nyaya Sanhita, 202.

Meanwhile, Puttarajachari reportedly claimed he was unaware of the incident, a claim that has raised suspicions among the residents.

Child Development Project Officer Hemavathi visited the hospital to assess the child's health condition and assured that all necessary care, protection and rehabilitation support would be provided.

She said legal action would be pursued against the accused and that special measures would be taken to safeguard the child's future.

WORD OF THE DAY

Loll

Pronunciation: LAHL (verb).
Meaning: Loll most often means "to droop or hang loosely." It can also mean "to act or move in a relaxed or lazy manner."
Origin: Despite appearances, loll isn't an exaggerated version of the abbreviation LOL. It isn't even related to laughing. Instead, it is about hanging out, both literally and figuratively. Like another relaxing verb, lull ("to cause to rest or sleep"), it probably originated as an imitation of the soft sounds people make when resting or trying to soothe someone else to sleep. In addition to meaning "to hang loosely," as in "a dog with its tongue lolling out," loll shares meaning with a number of l verbs that are all about taking it easy, including loaf, lounge and laze.
Example: "Just across the highway at Año Nuevo State Park, elephant seals loll lazily on the beach." — Scott Clark, quoted in Saveur, 3 Apr. 2025.

THE ODD WORD

PHRASE OF THE DAY

Loose cannon

Meaning: The phrase 'Loose cannon' is used to indicate that a person or thing is unpredictable and liable to cause damage if not kept in check.
Origin: Between the 17th and 19th centuries, wooden warships had cannons mounted on wheels on their gundecks. The cannons had to be kept tied down to prevent them from getting away, and a 'loose cannon' was a gun that had broken free of its restraints and was rolling about the deck in a dangerous way. The term was first seen in its figurative sense in an article published in the 1899 paper, The Galveston Daily News: "The negro vote in the south is a unit now mainly because it is opposed by the combined white vote. It would in no event become, as Mr. Grady once said, 'a loose cannon in a storm-tossed ship'."
Example: "Watch out for Justin. He's a loose cannon, especially when he's in a bad mood."
